CALL FOR PAPERS
December 17, 2021 | Deadline to submit draft paper
January 31, 2022 | Submission of final paper

THE DATE
FROM 18TH TO 20TH MAY 2022 IN FLORENCE - ITALY
THE INTERNATIONAL CONFERENCE WILL BE HELD BOTH IN PERSON AND ONLINE
Authors can also participate remotely and present their research works through our online platform.

THE INTERNATIONAL CONFERENCE
Florence Heri-Tech was launched in 2018 by the Department of Industrial Engineering of University of Florence (DIEF) and Florence Biennial Art and Restoration Fair. The idea was to create a synergy between Cultural Heritage and New Technologies. The Conference involves a large number of research projects and scholars from around the world and puts the industry's current issues under the spotlight, specifically on issues related to innovative techniques and technologies for Cultural Heritage. The Conference is part of the **Florence Biennial Art and Restoration Fair,** an international event attracting prestigious institutions and companies and creating a unique opportunity to bring together the academic word with industry. **The city of Florence will therefore be the international heart of Restoration and Cultural and Environmental assets as well as a forum for meeting and discussing for experts and enthusiasts from around the world**. The Conference will be a significant opportunity for exchange between researchers and companies for the **promotion of productive excellence, technological evolutio**n, the greater use of culture for younger sections of the population and specialization in the educational field for graduates and PhD students.

PAPER'S SUBMISSION GUIDELINES

Preparing your Proceedings Paper - Short Instructions for Authors:

-Author can choose to work with word or latex. You can find the respective templates and instructions in attachment. Springer Guidelines for authors are also in attachment. More information can be found at: https://www.springer.com/us/authors-editors/conference-proceedings/conference-proceedings-guidelines.

-The usage of these templates is not mandatory. Alternatively, you may either use a blank Word document or the standard LaTeX book class (for monographs) or article class (for individual contributions) and apply the default settings and styles (e.g., for heading styles, lists, footnotes, etc.).

-The full paper has a maximum of 10-14 pages (400 words per page, according to Springer Series formatting), including abstract and bibliography.

-Please prepare the chapter in one-column format.

-Each chapter should begin with an abstract that summarizes its content in no more than 200 words. The abstract will appear online at SpringerLink and be available with unrestricted access to facilitate online searching, using e.g. Google, and allow unregistered users to read the abstract as a teaser for the complete chapter.

-For authors working with word: please avoid inserting equations as graphic files. Use the Math function of Word 2003 or 2007, MathType or Microsoft Equation Editor to create your equations.

-Please include all affiliations and e-mail addresses (or at least the email address of the corresponding author) in the chapter you submit to the book editors. The e-mail addresses will be used by SpringerNature to provide authors with a personal account where they can download a free copy of the eBook upon publication

-Permissions for any material authors want to reuse from previous publication should be obtained by the corresponding publisher they want to reuse. Authors can GET PERMISSION online by using RightsLink: http://www.copyright.com/publishers/rightslink-scientific/ . Moreover, Springer is a STM signatory publisher. Other signatory publishers and their guidelines for permission can be found at: https://www.stm-assoc.org/intellectual-property/permissions/permissions-guidelines/
